DONALD L. ROBINSON 1937-2017

Donald L. Robinson, 80, passed away peacefully in his home in Truth or Consequences, on Wednesday, Oct. 18, 2017 surrounded by family. Donald was born to John Thaddeus and Evie Robinson of Warrington, MD on June 26, 1937. He moved to Truth or Consequences in 2005, where he worked as an HVAC contractor and rock hunting and was married to the love of his life, who knew and loved him. He is survived by his brother of 52 years, Linda R. Robinson; sons, Aaron E. Robinson and his wife Michelle; grandchildren, Jacob Robinson, Nathan Robinson, and Heather Robinson; great-grandchildren, Lily and Abbigail; and his fiancée, Jean Fron. Donald was a kind and loving man who had a cardiac event in 2016. He died on October 18 of natural causes.

Patricia M. Teston, 90, passed away surrounded by her family on Sunday, Oct. 22, 2017 in her home in Truth or Consequences. She was a member of the First Baptist Church of Truth or Consequences, on Wednesday, Oct. 18, 2017 surrounded by family. Donald was born to John Thaddeus and Evie Robinson of Warrington, MD on June 26, 1937. He moved to Truth or Consequences in 2005, where he worked as an HVAC contractor and rock hunting and was married to the love of his life, who knew and loved him. He is survived by his brother of 52 years, Linda R. Robinson; sons, Aaron E. Robinson and his wife Michelle; grandchildren, Jacob Robinson, Nathan Robinson, and Heather Robinson; great-grandchildren, Lily and Abbigail; and his fiancée, Jean Fron. Donald was a kind and loving man who had a cardiac event in 2016. He died on October 18 of natural causes.

A memorial service will be held at a later date in Oklahoma.

Arrangements are by Kelso Family Funeral Home, Inc. & Sierra Crewe

TWO EIGHTS

Ch signing up for the flu vaccine is a great way to protect yourself and the people around you. The Centers for Disease Control and Prevention recommends that everyone age six months and older get vaccinated against influenza each year. It is especially important for people who are at higher risk of serious flu complications to get vaccinated. These include:

- People with certain chronic health conditions
- Pregnant women
- People aged 65 years and older
- Children younger than 5 years old, especially those younger than 2 years of age
- Older adults
- Women up to 2 weeks after the start of their menstrual period
- American Indians and Alaska Natives
- People living in nursing homes and other long-term care facilities
